UTAK guarantees a ±25% recovery value from the target concentration for all analytes unless otherwise specified. For analytes listed with N/A stability, we do not guarantee a specific recovery range but ensure their presence in the control material.

**Special Notes:**

Above analytes outlined in red will be weighed and spiked into the above control(s); however, no claim has been made for expected values or stability.

Upon completion of manufacturing, 3 vials of each level of product will be sent to the customer for validation per MAYO/UTAK agreement.

The customer requires that CoA be made at the time of manufacturing and sent in the package with all custom items.
